PET SAFETY HARNESS

Crash Tested Seat Belt for Dogs

A dog that is not properly secured in your vehicle can be **seriously** or **fatally injured** in an accident. An unrestrained pet can also be a **significant threat to other passengers**.

AllSafe Crash Tested Performance*

- U.S. Federal Motor Vehicle Safety Standard No. 213 (FMVSS-213)
- United Nations Economic Commission for Europe No. R-17 (ECE R-17)
- Crash tested with a dog dummy weighing 75lbs at speeds up to 30 mph
- Kept a 75lb dog dummy on the seat with no structural failures

The AllSafe Harness was tested by the following organizations:

- German Auto Club (Germany)
- ADAC Technology Centre (Germany)
- MGA Research Corporation (USA)
