

# Care<sup>2</sup> | PRODUCT INFORMATION

## PRODUCT DESCRIPTION

---

Care<sup>2</sup> is a safe and very practical portable pet carrier that offers a safe place for your pet when traveling. With its unique shape and design, you get a well thought out crash protection in all directions in case of an accident. Easy installation and fastening with the car's usual safety belt. Care<sup>2</sup> fits just as well in the front passenger seat as in the rear seat.

## PRODUCT INFORMATION

---

Care<sup>2</sup> has undergone rigorous crash tests using the same method as for frontal impact testing of child seats (ECE R44) at RISE Research Institutes of Sweden. The patented Care<sup>2</sup> is made of aluminium and splinter-resistant nylon plastic that can withstand large temperature variations without compromising strength. The sloping construction done is to improve the cage's impact characteristics and reduces the risk of damage in a collision. Two doors made of reinforced plastic, practical and comfortable carrying handle and built-in thermometer with graduation in both Celsius and Fahrenheit.

### Medium yellow

---

Brand name: MIMsafe  
Product name: Care<sup>2</sup>  
Item number: 55121  
EAN code: 7350069120809  
Package: 390x420x505mm  
Color: Yellow  
Size: 370x410x480mm  
Product weight: 4.6kg  
Max. pet weight: 5kg

### Large yellow

---

Brand name: MIMsafe  
Product name: Care<sup>2</sup>  
Item number: 55131  
EAN code: 7350069120854  
Package: 410x420x505mm  
Color: Yellow  
Size: 440x410x480mm  
Product weight: 5.6kg  
Max. pet weight: 9kg

### Medium grey

---

Brand name: MIMsafe  
Product name: Care<sup>2</sup>  
Item number: 55122  
EAN code: 7350069120816  
Package: 390x420x505mm  
Color: Grey  
Size: 370x410x480mm  
Product weight: 4.6kg  
Max. pet weight: 5kg

### Large grey

---

Brand name: MIMsafe  
Product name: Care<sup>2</sup>  
Item number: 55132  
EAN code: 7350069120861  
Package: 410x420x505mm  
Color: Grey  
Size: 440x410x480mm  
Product weight: 5.6kg  
Max. pet weight: 9kg

### RECOMMENDED AREA OF USE

---

MIMsafe Care<sup>2</sup> are designed for use in vehicle's passenger or back seat and secured by the seatbelt. However, MIMsafe Care<sup>2</sup> can also in some case be placed in the vehicle's cargo area, if that is the intention make sure that the cage does not interfere with the vehicle's deformation zone.

(Recommended distance between cage and the car's boot lid is 250-300mm)

### CRASH TEST

---

MIMsafe Care<sup>2</sup> has undergone rigorous crash tests at the RISE Research Institutes of Sweden.

### THE STORY OF MIM CONSTRUCTION AB

---

For more than 30 years, MIM Construction AB has worked with functional design and manufacturing of safety products for the modern automotive industry. With documentation from hundreds of crash tests and in close collaboration with the major car manufacturers, safe products have been developed and transformed into knowledge. Under the well-known brand name MIMsafe, we have become the leading manufacture of crash tested and crush proofed non-ambush dog cages all over the world.
